and-a-half-per-cent, bonds (\$91,596,250) have been called for payment, and ceased to bear interest on October 31. THE Baltimore Herald suggests that the convenient to the South and West, than any city on the Atlantic seaboard; is

THE annual report of the Comptroller of the Currency refers to the probability that all the threes will be called for redemption within the next three years, and says this will reduce the bonds held by the banks from \$353,000,000 to \$151,-000,000, and cause a contraction of National bank circulation of \$60,000,000 per annum.

has ample hotel accommodations.

Ir looks very much as though Mr. Arthur has determined to make a serious effort to become the candidate of the Republican party in 1884. He has the power of the Federal Administration to use for the purpose; and if he accomplishes his design, he will be the first President, promoted from the Vice Presidency, in whose hands such an undertaking has proved successful. If in 1880, Gen. Arthur had been nominated for President, every body would have exclusive of furniture, etc., more than thought the convention had lost its \$150,000. senses. But things have changed very much since then.

WALNUT CITY, Missouri, was laid out last summer, and lots were sold to the amount of \$150,000. Merchants flocked to the place, and Mr. Stewart, of Sedalia, Mo., erected a block of business houses and a large three story hotel that cost was nothing to sustain it, and they and the merchants starved while awaiting the building of a railroad and the coming of the "boom" that the road was to give the place; but last week Thomas Nichol, who managed the company's business, were unable to pay the few men who earning money in the town, and then it | pected to step down and out. leaked out that he was \$30,000 short. The railroad scheme was immediately abandoned, and people began to move away. The town is dead.

Visit the Public School.

The following sensible advice is taken from the West Chester (Pa.) Local: We have already alluded to the neglect of parents in visiting and paying any attention to the public schools in which their children get the rudiments of an education. Parents either do not realize their duty in this matter, or if they do they are too careless in its performance. They pay their taxes, elect school directors, send their children to public schools and there all interest seems to end as far as they are concerned. We have already pointed out the injury this produces both to the teachers and the pupils. If teachers think the parents are so indifferent as never to look after their children in school they may as well take things easy too, and "keep" school for a salary, They put in their time and draw their salaries, and the business part of the engagement is fulfilled on their part. Teachers are thus demoralized; and under the circumstances it may be a question whether the children are greatly benefitted, or whether they derive any benefit from their school attendance. The combined indifference just alluded to makes the children indifferent to their studies, and they pay more attention to play and mischief than to climbing the hill of knowledge. Not only this, but they lose respect for learning and cultivate an irreverence for what should be regarded as important and desirable as well as indispensable to success in life. The children, of course, do not realize that they will be the men and women of to-morrow, and that they must carry on the work of society. Would it not be better for parents to manifest enough interest in the education and fitting of their children for the responsibilities of life to lead them to at least an occasional visit to the school? Try it and see if it will not have a tendency to awaken a new interest and industry in both teachers and

DISGRACEFUL CONDUCT WILLIAM HUNT.

OF THE CLERK OF THE COURT OF APPEALS.

After a Prolonged Debauch he Sigus Contract Vacating his Office and Accepting a Stipulated Salary-Deputies in Charge of the Office.

Special to the Courier-Journal.

FRANKFORT, Nov. 23 .- There is a sen sation in the office of the Clerk of the Court of Appeals. Bluntly, "Tom" Court of Appeals. Bluntly, "Tom" Henry has furnished it. He has been drunk, very drunk, beastly drunk, drunk and disorderly. He was drunk last week and the week before, and for the last six weeks. He has neglected his business, deserted the State House, and hied himself to the wilds of Morgan county, where A TROOP of Pennsylvania politicians, who have been in Washington importuning the President to make certain removals and appointments, went away without having accomplished anything. returned to Frankfort and laid out every prize drunkard that entered the lists. Sheboygan water was poured down his throat like shot off a shovel, but it sobered him not. Apollinaris, soda cocktails and Turkisk baths were tried and retired. His desire seemed to be to knock the record out, and he did so. After getting outside of enough liquor to run the next Legislature, his friends shipped him to The Baltimore Herald suggests that the Democratic National Convention, next year, be held in Baltimore, as it is more convenient to the South and West, than

But seriously, Tom Henry has vacated his office by an arrangement, all the dewithin a day's ride from the most easter- tails of which I can not now give. The ly point in the New England States, and Court of Appeals are disgusted and worn out with his continuous debauches. His work has been entirely in the hands of his able peputies, Capt. Sam M. Gaines and Thomas G. Poore. As I understand it, a contract has been made by Tom Henry-with whom I do not know-accepting \$150 a month as his salary for the remaining seven years of his term. He agrees to surrender all perquisities and privileges, to remain away from the office and to be clerk only in name. Messrs, Gaines and Poore are to conduct the entire work, the State to divide the salary of the office between them. Whether this contract has the sanction of the Judges of the Court of Appeals do not know, but it is presumable they are cognizant of the situation.

A Ghastly Witness Removed. JOLIET, Ill., Nov. 26.-Another interesting event in the Mooney murder case has just transpired here. The skull of Anderson, the murdered prisoner, which was of-fered in evidence during the trial to prove the stab in the ear coming out of the mouth, carrying away one of the molar teeth, and the possibility of which wound the expert physician for the defense denied, has mysteriously disappeared. The skull was in charge of Dr. Campbell, the prison phy-sician, who kept it in the basement under his office in a bucket. Desiring to remove it to a place of greater safety, to offer in the new trial, which has been granted, the Doctor went to get it. The bucket was there, but the skull was gone. This de-stroys one of the most fatal evidences against the prisoner. The attorneys for the defense have filed a petition for a change of venue, stating that the inflammatory condition of public opinion in this county against the defendant made it impossible for their client to get a fair trial. The case will probably be taken to Cook county.

New York Assembly Speakership. SYRACUSE, N. Y., Nov. 26.-Theodore Roosevelt, Assemblyman from the Twentyfirst District of the county of New York, has been in Syracuse making an earnest personal canvass for the Assembly Speakership. He had a conference with Assembly men-elect Shoemaker, Hendricks and Ged-des. All of these men are middle-aged, and, while they did not come out and pledge themselves for Roosevelt, it is understood that two will no doubt vote for him. Later in the day Mr. Roosevelt called on Congressman Hiscock, Senator McCarthy, and ex-Assemblyman Duguid. Senator McCarthy says that there was no political significance to Mr. Roosevelt's call upon him or Mr. Hiscock. In his conversation Roosevelt said he had received much encouragement from Buffalo and other western points, from which he was on his way to New York. He says that he has but one competitor, and that is Shears, of Herkimer county. Mr. Roosevelt is very confident of success.

AYER'S Hair Vigor

faded or gray hair to a natural, rich brown color, or deep black, as may be desired. By its use light or red hair may be darkened, thin hair thickened,

and baldness often, though not always, cured. It checks falling of the hair, and stimulates a weak and sickly growth to vigor. It prevents and cures scurf and dandruff, and heak nearly every disease peculiar to the scalp. As a Ladies' Hair Dressing, the Vigor is unequalled; it contains neither oil nor dye, renders the hair soft, glossy, and silken in appearance, and imparts a delicate, agreeable, and lasting perfume.

MR. C. P. BRICHER writes from Kirby, O., July 3, 1882: "Last fall my hair commenced falling out, and in a short time I became nearly baid. I used part of a bottle of AYER'S HAIR VIGOR, which stopped the falling of the hair, and started a new growth. I have now a full head of hair growing vigorously, and am convinced that but for the use of your preparation I should have been entirely baid."

J. W. Bowen, proprietor of the McArthur (Ohio)

Enquirer, says: "AYER'S HAIR VIGOR is a most
excellent preparation for the hair. I speak of it
from my own experience. Its use promotes the
growth of new hair, and makes it glossy and soft.
The Vigon is also a sure cure for dandruff. Not
within my knowledge has the preparation ever
failed to give entire satisfaction." MR. ANGUS FAIRBAIRN, leader of the cele-brated "Fairbairn Family" of Scottish Vocalists, writes from Boston, Mass., Feb. 6, 1889; "Ever since my hair began to give silvery evidence of the change which fleeting time procureth, I have used AVER'S HAIR VIGOR, and so have been able to maintain an appearance of youthfulness—a mat-ter of considerable consequence to ministers, orators, actors, and in fact every one who lives in the eyes of the public."

MRS. O. A. PRESCOTT, writing from 18 Elm St., Charlestown, Mass., April 14, 1882, says: "Two years ago about two-thirds of my hair came off. It thinned very rapidly, and I was fast growing bald. On using AYER'S HAIR VIGOR the falling stopped and a new growth commenced, and in about a month my head was completely covered with short hair. It has continued to grow, and is now as good as before it fell. I regularly used but one bottle of the Vigor, but now use it occasionally as a dressing."

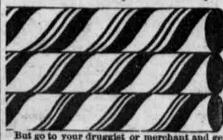

We have hundreds of similar testimonials to the efficacy of AYER'S HAIR VIGOR. It needs but a trial to convince the most skeptical of its value. PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass.
